

St. Louis School
where spirit and mind rejoice

where they are in good hands

Philosophy and Purpose

The St. Louis School Before and After school care programs were created to provide valuable assistance to working families of St. Louis School. The programs are Maryland State Childcare certified. Our goal is to provide activities within a Catholic environment, complimentary to the philosophy and value system of our school.

ADMINISTRATION & REGISTRATION

St. Louis School students entering kindergarten through eighth grade are eligible to participate in before care and after care. Pre-kindergarten students are not eligible to attend.

Registration is required to participate in the programs which are licensed by the State of Maryland. To register a student or for more information, please call the director, Sr. Lois Blessing, at 301-596-9962 .

“Drop-in” attendance is not available, but if emergency child care is needed, please contact Sr. Lois.

Before & After School Care

Before School

Before school care is provided from 7:30 a.m. to 8:45a.m. The drop-off time is no earlier than 7:30 a.m. If the school day is delayed (e.g. inclement weather), the opening of Before Care is also delayed.

During Before Care, students will have the opportunity to do homework, study for a test, read, or engage in quiet play. At 8:00 a.m., milk and snack will be provided.

The cost for Before Care is \$100 per month for those students attending Before Care more than ten days per month. The cost is \$10 per day for students who attend Before Care ten or fewer days per month.

After School

After school care is available from dismissal until 6:00 p.m. and operates any day the school is in session.

Students will receive a snack, engage in playtime, and have the opportunity to complete homework.

The cost for After Care is \$150 per month for those students attending After Care more than ten days per month. The cost is \$10 per day for students who attend After Care ten or fewer days per month.

Activities

Activities are designed to be developmentally appropriate and are based in part upon each child's own needs and interests. Although non-academic in nature, the curriculum offers a structured balance of play, creative activities, and homework, all supervised by a qualified and caring staff.

Some examples include:

Arts and crafts

Homework and study centers

Physical activities and open gym

Games and puzzles to stimulate critical thinking skills

Interactivity to promote age appropriate social skills

Students may bring comfortable play clothes and suitable shoes. Nutritious snacks are provided each day.
